

### About Our Program

The Junior Sockers Academy is a program designed to put young players 5-8 years old in a competitive training environment to further their soccer abilities. The Junior Sockers Academy focuses on the development of basic technical skills needed to further a player's soccer ability. We focus on passing, shooting, dribbling, and receiving, all the while making it fun and enjoyable while building a love for the game. The program is led by Jim Flowers, Director of Recreational Soccer, and coached by several of the San Diego Soccer Club's finest competitive coaches.
